

	MMAP APPLICATION QUESTIONS
1	Company Name
2	First and last name of applicant
3	Email Address
4	Application date
5	City, State
6	Size of company (# of employees)
7	Company Description (industry, application, products, markets served)
8	What industry will you support with the capital investment?
9	Is this capital for a specific customer need? If so, please identify customer, customer location and industry
10	Please describe the capital equipment purchase you will be making if you are to receive this award (500 words maximum). (For more information on what is considered capital equipment, please refer to our FAQs.)
11	Please describe the application and the technological challenge you will overcome with the new equipment (500 words maximum).
12	It is required that you partner with a non-profit, academic, or quasi-public partner to receive a grant. This partnership is to help establish new connections within the ecosystem that lead to growth. Do you have a partner with whom you are already collaborating? (this is required, CAM can help assist in finding a partner if needed) If so, please identify which non-profit, academic or quasi state agency partner you are planning to work with on this program and how this partnership will help further your business. (this does not have to be final but we'd like to hear who you are considering)
13	A 1:1 minimum cost share is required to be eligible to participate in the MMAP program. Is your company prepared for this investment? If so, please explain the cost share source(s), dollar amount and % of total project cost.
14	Does this piece of capital help you meet a new market requirement? If so, please briefly describe new market opportunity
15	With this purchase, do you expect to hire additional employees? If you answered yes or maybe to the hiring question, Please indicate below how many people and what level of talent you expect to hire
	Assemblers
	Entry level technicians
	Skilled technicians
	Supervisors
	Engineers

16	Do you have an established workforce training program for your employees?
	If so, please briefly describe your workforce training program
17	Does this project contribute to social, racial and economically equitable outcomes? Please describe. (i.e Are you hiring a diverse workforce? Is your company women or minority owned?)
18	When do you expect to be able to invoice Mass Tech for this capital equipment? (Ideally by June 30, 2022)
19	Please attach a simple spreadsheet of the equipment you are purchasing, equipment training, and any other capital requirements. Note, a 1:1 cost share is required and the maximum award is \$250,000.
20	A panel of judges will review this application. Top applicants will be asked to present to the judges the week of August 30, 2021. Will you or someone from you team be available to present?
21	Please acknowledge that this application is a public record and may be disclosed if requested. Please do not include any proprietary or confidential information.
